INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members
of the Township Committee
Township of Franklin
County of Gloucester
Franklinville, New Jersey

We have audited the accompanying balance sheets - regulatory basis of the various funds and account groups of the Township of Franklin, County of Gloucester, State of New Jersey, as of December 31, 2012 and 2011, and the related statements of operations and changes in fund balances - regulatory basis for the years then ended, and the related statements of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds, as of and for the year ended December 31, 2012, which collectively comprise the Township of Franklin's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified accrual basis of accounting described in Note A; this includes determining that the modified accrual basis, with certain exceptions, and the budget laws of the State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Basis of Accounting

As discussed in Note 1, the Township of Franklin prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis, with certain exceptions, and the budget laws of the State of New Jersey. These practices are a basis of accounting other than accounting principles generally accepted in the United States of America. The presentation requirement does not include a Management Discussion and Analysis as required by the Governmental Accounting Standards Board to be presented as Required Supplementary Information, but not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The effect on the financial statements of the variances between the prescribed basis of accounting and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Opinion

In our opinion, because of the effects on the financial statements of the requirement that the Township of Franklin prepare its financial statements in accordance with the accounting practices discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township of Franklin as of December 31, 2012 and 2011, or the results of its operations and changes in fund balance for the years then ended.

However, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position - regulatory basis of the various funds and account groups of the Township of Franklin as of December 31, 2012 and 2011, and the results of operations and changes in fund balances - regulatory basis of such funds for the year then ended and the statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds for the years ended December 31, 2012 and 2011 on a modified accrual basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 14, 2013, on our consideration of the Township of Franklin's internal control structure over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*, and should be considered in assessing the results of our audit.

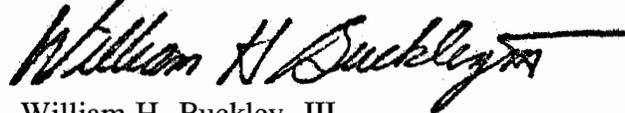

Disclaimer of Opinion on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Township of Franklin's financial statements as a whole. The accompanying supplemental schedules and information presented in the "General Comments", "Other Comments", and "Schedule of Findings and Questioned Costs" sections, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information, is fairly stated in all material respects, in relation to the financial statements as a whole.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and Members
of the Township Committee
Township of Franklin
County of Gloucester
Franklinville, New Jersey

We have audited the financial statements - regulatory basis of the Township of Franklin, County of Gloucester, State of New Jersey, as of and for the year ended December 31, 2012, and have issued our report thereon dated June 14, 2013 which indicated that the financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America but were prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township of Franklin's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township of Franklin's internal control over financial reporting. Accordingly, we do not express an opinion of the effectiveness of the Township of Franklin's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Township of Franklin's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies or material weaknesses have been identified. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over financial reporting, as described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies in internal control over financial reporting. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township of Franklin's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or the requirements of the Division of Local Government Services which is described in the accompanying summary schedule of prior year audit findings and questioned costs as items 2012-1 and 2011-1.

Purpose of this Report

This report is intended solely for the information and use of management, the Township Committee of the Township of Franklin, others within the entity, and federal awarding agencies and pass-through entities, the New Jersey Division of Local Government Services, and certain other interested government agencies and is not intended to be and should not be used by anyone other than those specified parties.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Township of Franklin was incorporated in 1825 and is located in the County of Gloucester in the State of New Jersey. The Township covers approximately 56 square miles with a population, according to the 2010 census, of 16,820. The governing body, the Township Committee, is comprised of five elected members who serve three-year terms. The Mayor and Deputy Mayor are elected by the members of the Committee and serve for a one-year term in this office.

The Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria to be used to determine which component units should be included in the financial statements of an oversight entity. The primary criterion for including activities within the reporting entity, as set forth in the Statement, is the degree of oversight responsibility maintained by the reporting entity. However, the State of New Jersey, Division of Local Government Services requires the financial statements of the Township to be presented separately. As such, the financial statements of the Township of Franklin include each board, body, officer, or commission supported and maintained wholly or in part by funds appropriated by the Township, as required by N.J.S. 40A:5-5.

Except as noted below, the financial statements of the Township of Franklin include every board, body, officer, or commission supported and maintained wholly or in part by funds appropriated by the Township of Franklin, as required by N.J.S. 40A:5-5.

B. Description of Funds

The accounting policies of the Township of Franklin conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of Franklin accounts for its financial transactions through the following separate funds and accounts as presented below. This presentation differs from the three fund, two account group presentation as required by GAAP.

Current Fund - resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Fund - receipts, custodianship, and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund. In addition, the fund is used to track the status of debt authorized for capital projects.

Public Assistance Trust Fund - receipt and disbursement of funds that provides assistance to certain residents of the Township pursuant to Title 44 of New Jersey statutes.

Payroll Account - receipt and disbursement of funds to meet obligations to employees and payroll tax liabilities.

General Fixed Assets Account Group - to account for fixed assets used in governmental operations.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from accounting principles generally accepted in the United States of America applicable to local governmental units. A modified accrual basis of accounting is followed with minor exceptions. The more significant policies in New Jersey follow.

Revenues - are recorded when received in cash except for certain amounts which are due from other governmental units. Receipts from Federal and State grants are realized as revenue when anticipated in the Township budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Township's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Township which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received. Fund balance utilized to balance budget is recorded as revenue and budgeted transfers from other funds are also recorded as revenue when anticipated in the budget.

Expenditures - are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuances of a purchase order in accordance with the Encumbrance Accounting System. Outstanding encumbrances at December 31 are reported as cash liability in the financial statements. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Budgeted transfers to other funds are recorded as expenditures when the budget is adopted to the extent permitted or required by law. Appropriations for principal payments on outstanding general and utility capital bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis; interest on utility indebtedness is on the accrual basis.

Property Taxes - Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied annually and are payable in quarterly installments on February 1, May 1, August 1, and November 1 of each year. All unpaid taxes levied become delinquent January 1 of the following year. Delinquent taxes are considered fully collectible and therefore no allowance for uncollectible taxes is provided.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Deferred Charges - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting (Continued)

Compensated Absences - Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. New Jersey municipalities are permitted to accrue a compensated absences liability. The Township has not begun to accumulate funds for accrued absences. See Note 16 for additional information on the Township's compensated absences policy.

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

General Fixed Assets - The Township has developed a fixed asset accounting and reporting system as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles.

Fixed assets used in governmental operations (general fixed assets) are to be accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks, and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical costs is not available, except for land which is valued at assessed value at the time the land is foreclosed or donated. Land purchased by the Township is valued at cost.

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed Assets acquired through grants in aid or contributed capital have not been accounted for separately.

Tax Appeals and Other Contingent Losses - Losses which arise from tax appeals and other contingent losses are recognized at the time an unfavorable decision is rendered by an administrative or judicial body.

Budgets - The governing body prepares and approves by resolution an operating and capital budget for the Current Fund which is then submitted for certification to the State of New Jersey, Department of Community Affairs, Director of Local Government Services. Upon the receipt of such certification and after a public hearing, the budget is then adopted by resolution. Transfers of budgeted amounts may be made by resolution of the Township Committee subsequent to October 31 in the current budget year and up to March 31 of the following year.

Once adopted, the Township may make emergency appropriations for purposes which are not known at the time the budget was adopted per N.J.S.A. 40A:4-46. Also, the Township may make amendments to the budget for any special item of revenue made available by any public or private funding source per N.J.S.A. 40A:4-87.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting (Continued)

Reserve for Uncollected Taxes - The inclusion of the "Reserve for Uncollected Taxes" appropriation in the Township's annual budget protects the Township from taxes not paid currently. The reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

School Taxes - The municipality is responsible for levying, collecting, and remitting school taxes for the Township of Franklin School District and the Township's share of the Delsea Regional High School District. Operations are charged for the full amount required to be raised from taxation to operate the local school district and the regional high school district for the period from January 1 to December 31.

County Taxes - The municipality is responsible for levying, collecting, and remitting the Township's share of county taxes for the County of Gloucester. Operations is charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations is charged for the County share of added and omitted taxes certified to the County Board of Taxation by October 10 of the current year and due to be paid to the County by February 15 of the following year.

Fund Balance - Fund balances included in the current fund and utility operating fund represent amounts available for anticipation as revenue in futures years budgets, with certain restrictions.

Capitalization of Interest - It is the policy of the Township of Franklin to treat interest on projects as a current expense and the interest is included in the current operating budget.

Comparative Data - Comparative total data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the Township's financial position and operations. However, comparative data has not been presented in each of the statements because its inclusion would make the statements unduly complex and difficult to read.

Use of Estimates - The preparation of financial statements in accordance with accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

C. Basis of Accounting (Concluded)

Departures from Generally Accepted Accounting Principles - The accounting principles and practices followed by the Township of Franklin differ in some respects, which in some instances may be material, from generally accepted accounting principles applicable to local government units. The more significant differences are as follows:

Taxes and other receivables are fully reserved.

Interfund receivables in the Current Fund are fully reserved and recognized as a revenue in the year of liquidation.

Unexpended and uncommitted appropriations are reflected as expenditures.

Overexpended appropriations and emergency appropriations are deferred to the succeeding years' operations.

No provision is made for accumulated vested vacation and sick leave.

Undetermined contributions to state-administered pension plans applicable to the six months ended December 31 are not accrued.

Estimated losses arising from tax appeals and other contingencies are not recorded when it is probable that a loss has been incurred and the amount of such loss can be reasonably estimated.

Depreciation expense is not calculated on fixed assets.

It was not practicable to determine the effect of such differences.

NOTE 2 - INVESTMENTS

As of December 31, 2012 and 2011, the Township did not have any investments.

Interest Rate Risk - The Township does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statute 40A:5-15.1(a) limits the length of time for most investments to 397 days.

Credit Risk - New Jersey Statute 40A:5-15.1(a) limits municipal investments to those specified in the Statutes. The type of allowable investments are bonds of the United States of America, the local unit, or school districts of which the local unit is a part: obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk - The Township places no limit on the amount the Township may invest in any one issuer.

NOTE 3 - CASH AND CASH EQUIVALENTS

Custodial Credit Risk Related to Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the Township's deposits might not be recovered. Although the Township does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the Township in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, escrow trust, or funds that may pass to the Township relative to the happening of a future condition. Such funds are shown as uninsured and uncollateralized in the schedule below.

As of December 31, 2012, the Township's bank balances were exposed to custodial credit risk as follows:

Insurance	\$ 567,324.17
Uninsured and collateralized with securities held by pledging financial institutions (GUDPA)	<u>6,937,609.21</u>
	<u>\$ 7,504,933.38</u>

NOTE 4 - INTERFUND RECEIVABLES AND PAYABLES

The following schedule reconciles interfund receivables and payables for the year ended December 31, 2012:

Due From	Due To			Total Due From
	Current Fund	Federal and State Grant Fund	General Capital Fund	
Current fund	\$ -	\$ 128,944.43	\$ 169,072.00	\$ 298,016.43
Federal and state grant fund	-	-	32,985.00	32,985.00

Most grants are on a reimbursement basis. The interfund with the grant fund is the result of expenditures prior to year end that were not reimbursed. Most interfunds from the trust fund to the current fund are due to interest earned in December 2012 that was not turned over to the current fund prior to year end. The amount due from the current fund to the open space fund is the result of the tax levy for the year not being turned over to the open space fund. This amount was turned over in January 2013. The amount due from the general capital fund to the current fund is due to expenditures made in December 2012 from the current fund that were not reimbursed from the general capital fund until January 2013.

The Township of Franklin School District, as a K-6 school district, is permitted to borrow up to 2.5% of the average equalized valuation for the past three years. State statutes allow a school district to exceed the district's limitations with voter approval. Any amounts in excess of the limit is treated as an impairment of the municipal limit.

The Delsea Regional High School District is a 7-12 regional school district and as a result the amount of debt issued is not subject to any statutory limitation based on average equalized valuations. Debt is allocated based on the municipality's equalized valuation as a percentage of the total regional school district's assessed valuation. Since all debt authorized by the regional school district is deductible, it does not effect the debt of the municipality.

The foregoing is in agreement with the Annual Debt Statement as filed by the Chief Financial Officer.

TOWNSHIP OF FRANKLIN

LETTER OF COMMENTS AND RECOMMENDATIONS

For the Year Ended December 31, 2012

GENERAL COMMENTS

Contracts and Agreements Required to be Advertised per N.J.S. 40A:11-4

N.J.S. 40A:11-4 states, "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the costs or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials, or supplies shall be undertaken, acquired, or furnished for a sum exceeding in the aggregate \$17,000.00, except by contract or agreement".

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed Bidding Requirements within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following item:

Purchase of CNG Trash Trucks

N.J.S. 40A:11-5 provides for exceptions to the above-mentioned statutory bidding requirements for various stipulated areas of expenditures. Included in these areas of exception are all professional services which include but are not limited to solicitors, engineers, land surveyors, and accountants. However, in lieu of requiring formal bidding procedures for these categories of expenditures, in awarding contracts to fill these positions, certain other statutory requirements must be adhered to by the governing body. These requirements include the following stipulation (N.J.S. 40A:11-5 (l) (a) (i)):

"The governing body shall in each instance state supporting reasons for its action in the resolution awarding each contract and shall forthwith cause to be printed once, in a newspaper authorized by law to publish its legal advertisements, a brief notice stating the nature, duration, service, and amount of the contract, and that the resolution and contract are on file..."

My examination indicated that the Township complied with this requirement during 2012.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

My examination of expenditures did not reveal any individual payments, contracts, or agreements in excess of \$17,000.00 for the performance of any work or the furnishing or hiring of any materials or supplies, other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S. 40A:11-6.

GENERAL COMMENTS (Continued)

Contracts or Agreements Not Required to be Advertised in Accordance with N.J.S. 40A:11-6.1

N.J.S. 40A:11-6.1 states, "Except contracts which require the performance of professional services, all contracts or agreements which do not require public advertising for bids and the estimated cost or price exceeds \$2,550.00, at least three quotations as to the cost or price, whenever practicable, shall be solicited by the contracting agent, and the contract agreement shall be made with and awarded to the lowest responsible bidder."

Our audit indicated that, for individual payments, contracts, or agreements made "for the performance of any work or the furnishing or hiring of any materials or supplies" in excess of \$2,550.00, there was not documentation that solicitation for quotations was done in accordance with the provisions of N.J.S. 40A:11-6.1.

A test check of paid vouchers was made and each voucher, upon proper approval, was considered as a separate and individual contract unless the records disclosed it to be a part payment or estimate.

Business registration certificates were on file for the required purchases.

Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rate to be charged for the nonpayment of taxes on or before the date when they would become delinquent.

The governing body on January 1, 2012, adopted the following resolution authorizing interest to be charged on delinquent taxes and assessments:

WHEREAS, in accordance with N.J.S.A. 54:4-67, a governing body of any municipality may fix the rate of interest to be charged for non-payment of taxes or assessments on or before the date when they became delinquent; and

WHEREAS, the Township Committee of the Township of Franklin has ordered that the Tax Collector charge eight (8%) percent per annum on the first \$1,500.00 of the delinquency and eighteen (18%) percent per annum on any amount in excess of \$1,500.00; and

WHEREAS, the Township of Franklin Committee has ordered the Tax Collector to charge a penalty of six (6%) percent of the delinquency in excess of \$10,000.00, to a taxpayer who fails to pay the delinquency prior to the end of the calendar year; and

WHEREAS, the Township of Franklin Committee has ordered the Tax Collector that no interest shall be charged on any payment received and made within the tenth calendar day following the date upon which the same became payable; and

NOW, THEREFORE, BE IT RESOLVED, that if said taxes are deemed to be delinquent for non-payment of taxes, the Tax Collector shall charge eight (8%) percent per annum on the first \$1,500.00 of the delinquency and eighteen (18%) percent per annum on any amount in excess of \$1,500.00; and

BE IT FURTHER RESOLVED, by the Township Committee of the Township of Franklin, that the Tax Collector shall allow that no interest will be charged on payments received and made by the tenth calendar day following the date upon which the same became payable; and

BE IT FURTHER RESOLVED, by the Township Committee of the Township of Franklin that the Tax Collector shall charge, in addition to the interest for delinquent taxes, as noted above, a penalty of six (6%) percent of the amount of the delinquency in taxes in excess of \$10,000.00 to a taxpayer who fails to pay the delinquency prior to the end of the calendar year.

It appears from an examination of the Collector's record that interest was calculated and/or collected at all times in accordance with the foregoing resolution.

GENERAL COMMENTS (Concluded)

Delinquent Taxes and Tax Title Liens

The last tax sale was held on December 19, 2012 and was complete. The current and prior year's taxes, as reflected on the audit schedule, are protected under the bankruptcy act.

Inspection of tax sale certificates revealed that all were on file and available for audit.

The following comparison is made of the number of tax title liens receivable on December 31, of the last three years:

<u>Year</u>	<u>Number Of Liens</u>
2012	133
2011	121
2010	145

It is essential to good management that all means provided by statute be utilized to liquidate liens by seriously undertaking foreclosure proceedings on appropriate properties in order to get such properties back on a taxpaying basis.

Deferred Compensation Plan

In accordance with N.J.A.C. 5:37-1 et seq. our audit included procedures to test employer payroll records and employee joinder agreements against information provided to the Township by the plan administrators of the deferred compensation plans. In regards to items tested we found no discrepancies and were able to reconcile the total amount of payroll deferrals to plan contributions. In addition, we reviewed copies of the independent auditor's reports, which expressed an unqualified opinion, dated as of December 31, 2012, on the assets of the plan held by the independent administrator of the plan.

All federal, state, and local approvals of the plan, including the latest revisions as required, were available for audit.

OTHER COMMENTS

Chief Financial Officer

A corrective action plan for the results of the 2011 Report of Audit was not prepared in accordance with requirements of the Division of Local Government Services.

Payroll Fund

The examination of the Payroll Fund did include a sampling of the detailed computation of various deductions from the payroll of the Township employees and did ascertain that the accumulated withholdings were disbursed to the proper agencies.

Municipal Court

A separate report of the Municipal Court transactions was filed in accordance with the requirements of the Local Finance Board. As part of the test of the records, no attempt was made to differentiate among fines due the Township, County, or State, or to pass upon the authenticity of the preparation and procedures for complaints issued.

In 2012, the Municipal Court revenues dropped drastically as a result of the reduction of police officers in 2011 and 2012.

OTHER COMMENTS (Concluded)

Construction Code Official

A test of the expenditures of the construction code fees was done as required by N.J.A.C. 5:23-4.17(b)3. All fees collected pursuant to the municipality's fee schedule were appropriated in accordance with the requirements of the Uniform Construction Code Act and the Local Budget Law, which were applied solely to meet the municipal costs of enforcing those regulations as specified by N.J.A.C. 5:23-4.17(c)2.

The uniform construction code annual report was prepared by the Chief Financial Officer and was in agreement with receipts recorded in the Construction Code Official's records.
