

SOFT SIDED & INFLATABLE POOL HANDOUT

Zoning & Construction permits are required for the soft sided and inflatable pools that are capable of holding 24 inches or more of water.

REQUIREMENTS

- Zoning Permit approval
- A signed, completed Construction Permit Application Jacket signed by whoever is installing the pool.
- A signed, completed Building Subcode Technical sheet. Ensure proper barrier requirements are documented.
- A signed, completed Electrical Subcode Technical sheet. The filter must be within 25 ft of an existing GFCI receptacle, or one must be installed. EXTENSION CORDS ARE NOT PERMITTED.
- PLANS REQUIRED: Pool, ladder, pump and filter brochures
