INCIDENTAL MODIFICATION TO PROJECT SCOPE/LIMITS  
REQUEST NO. 2

The Township of Franklin originally applied for FY 2013 Discretionary Aid funding. The Department approved an allotment of \$300,000.00. The Township of Franklin wishes to modify the scope and/or limits of the proposed project.

The modified project limits and/or scope consists of the following: Delete any reference to installing guiderail at low point along Grant Avenue; Township will place fill on should if warranted to improve slopes, adding no cost to the contract;

Increase the scope of work to include pavement repairs along Grave Avenue at Fries Mill Road (CR 655), as described on the attached site plan dated January 8, 2015.

This corner is deteriorated, low and holds water, causing a freezing condition, requiring attention. The areas will be milled, leveled, and resurfaced to NJDOT specifications, and is a permanent repair. All edges will be sealed.

The engineer's estimate for the modified project is \$281,000 which has no change from the original engineer estimate.
